House bills introduced after this date are referred to the House Rules and Executive Nominations Committee. Also known as the day the “Hopper” will close. The Hopper closes at 5:00 pm.

Bills of Interest to WSSC

Keep in mind dates shown are a mix of calendar days and legislative days. Dates provided reflect those posted on the General Assembly website.

Bi-County Bills

PG/MC 101-09 Montgomery County – Washington Suburban Sanitary Commission – Financial Oversight Act - This bill amends the Sanitary District Laws to require the WSSC to file a certified copy of its annual audit and current financial statements each year with the Montgomery County Council AND it authorizes the County Council of Montgomery County to audit and examine the books and records of the Commission under certain circumstances as long as such an audit or examination is without cost to the WSSC. Current law contains these requirements for the Montgomery County Executive, Prince George’s County Executive and the Prince George’s County Council.

Senate	

PG/MC 104-09 Washington Suburban Sanitary Commission – System Development Surcharge - Exemptions – This bill expands current law regarding the WSSC’s SDC exemptions from those community based organizations whose “exclusive” use of the property is to provide programs and services to youth whose property those whose “primary” use of the property is to provide programs and services to youth. Additionally, this bill changes the current law’s sunset from 2009 to 2012.

<i>Prince George's County Senate Delegation</i>	
<i>Montgomery County Senate Delegation</i>	
<i>House</i>	
<i>Senate</i>	

PG/MC 105-09 Washington Suburban Sanitary Commission – Budget Approval - This bill provides that if the county councils of Montgomery and Prince George’s Counties fail to concur on the WSSC capital budget or any provision within the capital budget by a certain time, the funding levels may not exceed the previous year’s funding levels. The bill includes language that allows a single line item to be rejected for any single capital budget project, similar to a line item veto. The WSSC believes this bill would have a negative impact on the Agency should it become law for several reasons. First, the construction industry may find it problematic to bid under such uncertainty. If projects were cancelled, vetoed, or financially constrained after awarded, it would be costly to the WSSC and the ratepayers. Additionally, projects including MBE and SLBE subcontractors could potentially be delayed, creating a detrimental impact on these businesses. Second, there could be a negative impact on facilities included in the 30 Year Infrastructure Plan to recapitalize the WSSC’s aging infrastructure. Third, the WSSC AAA Bond Rating would be in jeopardy given the importance rating agencies place on governance of public entities in their rating criteria. Finally, the WSSC could face IRS penalties if the Agency’s ability to spend bond money in a timely manner was hampered and arbitrage rules broken.

Maryland Bills To Watch

The following statewide bills are of interest to the WSSC.

For a complete listing of all bills introduced before the Maryland General Assembly, visit their website mlis.state.md.us.

HB 34 Environment - Impervious Surface - Statewide Database

Requiring the Department of the Environment, in consultation with the Department of Planning, to develop and maintain a database of impervious surface in the State; requiring a county to report the amount of impervious surface in the county to the Department of the Environment in a specified manner; and authorizing the Department of the Environment to adopt regulations.

HB 34 Bill Status

House 10/20/09 Pre-filed
 1/14/09 First Reading Environmental Matters
 1/23/09 Hearing 2/4 at 1:00 p.m.

Senate

HB 90 Department of the Environment - Bay Restoration Fund and Bay Restoration Fee

Curing a possible title defect in Chapter 666 of the Acts of the General Assembly of 2008, by reenacting, without amendments, provisions of law to provide that the Bay Restoration Fee may not be reduced as long as bonds are outstanding, money in the Bay Restoration Fund may not revert or be transferred to a special fund, a committee is required to make a recommendation about the Fee, and the Fund may be used for projects related to the removal of nitrogen from onsite sewage disposal systems and cover crop activities; etc.

HB 90 Bill Status

House 1/20/09 First Reading Environmental Matters
 1/23/09 Hearing 2/4 at 1:00 p.m.

Senate

HB 135 Environment - Sewage Sludge Utilization - Zoning and Land Use Requirements

Prohibiting the Department of the Environment from issuing a sewage sludge utilization permit for a site unless the site meets all county zoning and land use requirements or ordinances; and prohibiting the Department from issuing a sewage sludge utilization permit for a site that will be on land adjacent to a municipality.

HB 135 Bill Status

House 1/23/09 First Reading Environmental Matters
Hearing 2/4 at 1:00 p.m.

Senate

HB 176 Bay Restoration Act of 2009

Prohibiting the installation of an on-site sewage disposal system unless the system utilizes nitrogen removal technology; requiring the Department of the Environment to assist homeowners in paying for specified costs; and establishing a penalty for a specified violation.

HB 176 Bill Status

House 1/26/09 First Reading Environmental Matters
1/23/09 Hearing 2/4 at 1:00 p.m.

Senate

HB 259 Environmental Health Monitoring and Testing - Reimbursement of Costs

Authorizing the Department of the Environment to factor in costs incurred by a county in conducting specified environmental health monitoring or testing; requiring the Department to reimburse a county from the Maryland Clean Water Fund for specified costs; limiting reimbursement to specified circumstances and specified amounts; requiring the Department to use the Maryland Clean Water Fund for the reimbursement of counties for specified environmental health monitoring or testing costs; etc.

HB 259 Bill Status

House 1/29/09 First Reading Environmental Matters

Senate

SB 4 Environment - Permitting Process - Environmental Justice Review

Requiring the Department of the Environment, in consultation with the Commission on Environmental Justice and Sustainable Communities and the Department of Planning, to develop maps that identify environmentally stressed communities in the State; requiring an Environmental Justice Review as a condition of issuing or renewing specified permits; requiring the owner of a liquefied natural gas facility to conduct a Review and submit information to the Department of the Environment under specified circumstances; etc.

Annapolis Transportation & Parking

For many visitors the easiest option is to park at the Naval Academy Stadium and take the Annapolis Transit Trolley Shuttle. There are several public garages including Whitmore, Gotts, and the Gorman Street garages. They fill up fast. There is also limited metered parking, but they ticket often. Your best bet is to arrive early, and car-pool if possible.

About IRO

The IRO oversees the Commission's legislative agenda and represents WSSC before elected bodies. The office is responsible for researching, developing, analyzing, and lobbying for or against legislation impacting the Commission. We also serve as a liaison between the Commission and elected officials.
