What to Expect

This publication is designed to keep you informed about legislation impacting WSSC during the 2009 Maryland General Assembly Session. Previous issues of the *Observer* are available on the Intergovernmental Relations Office (IRO) webpage www.wsscwater.com/iro/website.

The Intergovernmental Relations Office is your eyes and ears in Annapolis. The *Observer* provides brief updates on major initiatives that could impact the Agency. If you have any questions or would like another bill included in this publication, please contact the WSSC IRO at 301-206-8228.

Legislative Lingo

Legislative Day vs. Calendar Day

The General Assembly is in session for 90 legislative days each year. Each meeting of the House or the Senate convenes and adjourns on one day. When a body recesses, the meeting day for that body does not advance, as it is a continuation of the same meeting. The day remains the same "legislative day" even though the meeting may not resume on the same "calendar day". A "legislative day" may span several "calendar days". Several "legislative days" may occur in one "calendar day".

At the beginning of the 90 day session, both bodies typically convene and adjourn on one "calendar day". As the session progresses, it has become a common parliamentary practice to recess rather than adjourn in order to save "legislative days". This allows each body to convene and adjourn several times in one "calendar day" to meet the constitutionally mandated requirement that all bills must be read three times on three separate days in each chamber. A bill may pass from first reading to third reading on a single "calendar day" by adjourning from one "legislative day" to the next.

Bill histories record events occurring during a meeting of the Senate or House using "legislative day". Committee hearings, committee reports, and governor's actions are shown using "calendar day". Bill history events are listed chronologically within chamber, followed by post passage information. Dates may not appear to be in chronological order as a combination of each chamber's "legislative day" and various "calendar days" are used.

Bills of Interest to WSSC

Keep in mind dates shown are a mix of calendar days and legislative days. Dates provided reflect those posted on the General Assembly website.

Bi-County Bills

HB 1136 (MC/PG 101-09) Montgomery County – Washington Suburban Sanitary Commission – Financial Oversight Act - This bill amends the Sanitary District Laws to require the WSSC to file a certified copy of its annual audit and current financial statements each year with the Montgomery County Council AND it authorizes the County Council of Montgomery County to audit and examine the books and records of the Commission under certain circumstances as long as such an audit or examination is without cost to the WSSC. Current law contains these requirements for the Montgomery County Executive, Prince George’s County Executive and the Prince George’s County Council.

HB 1139 (MC/PG 104-09) Washington Suburban Sanitary Commission – System Development Surcharge - Exemptions – This bill expands current law regarding the WSSC’s SDC exemptions from *those community based organizations whose “exclusive” use of the property is to provide programs and services to youth* to *those community based organizations whose “primary” use of the property is to provide programs and services to youth*. Additionally, this bill changes the current law’s sunset from 2009 to 2012.

[Bill amended 2/18/09 to strike all changes and extend the sunset to 2010. Amendments result in straight sunset extension.]

[Original bill as introduced re-amended by the Bi-County Subcommittee on 2/25/09 changing “primarily” to “substantially” and adding “recreational and educational” to the description of programs eligible for this exemption.”]

HB 1137 (MC/PG 105-09) Washington Suburban Sanitary Commission – Budget Approval - This bill provides that if the county councils of Montgomery and Prince George's Counties fail to concur on the WSSC capital budget or any provision within the capital budget by a certain time, the funding levels may not exceed the previous year's funding levels. The bill includes language that allows a single line item to be rejected for any single capital budget project, similar to a line item veto. The WSSC believes this bill would have a negative impact on the Agency should it become law for several reasons. First, the construction industry may find it problematic to bid under such uncertainty. If projects were cancelled, vetoed, or financially constrained after awarded, it would be costly to the WSSC and the ratepayers. Additionally, projects including MBE and SLBE subcontractors could potentially be delayed, creating a detrimental impact on these businesses. Second, there could be a negative impact on facilities included in the 30 Year Infrastructure Plan to recapitalize the WSSC's aging infrastructure. Third, the WSSC AAA Bond Rating would be in jeopardy given the importance rating agencies place on governance of public entities in their rating criteria. Finally, the WSSC could face IRS penalties if the Agency's ability to spend bond money in a timely manner was hampered and arbitrage rules broken.

[Bill amended 2/25/09 altering the line item veto language but still allowing project funding to be capped.]

HB 1145 (MC/PG 118-09) Washington Suburban Sanitary Commission – Membership – (late filed bill)

This bill alters the current WSSC Commission board by adding a 7th Commissioner whose appointment shall alternate between the governing bodies of the municipal corporations that contain the largest number of housing units served by the WSSC in Montgomery and Prince George's Counties. Each municipal appointment shall be a registered voter. These new appointments do not require confirmation by the County Councils, as County Executive appointments do. The municipal appointment term will also be for 4 years beginning on June 1, 2009.

HB 1133 (MC/PG 120-09) Washington Suburban Sanitary Commission – Comprehensive Whistleblower Protections – (late filed bill) This bill extends state employee whistleblower protections to WSSC employees. Requires the Commission adopt regulations similar to those found in the State Personnel and Pensions Article. Include prohibiting a manager or supervisor from taking or refusing to take a personnel action as a reprisal against an employee who discloses instances of abuse of authority, gross mismanagement, gross waste of money, substantial and specific danger to public health or safety, or any violation of the law. Requires the Commission to provide employees with written notice of protections and remedies provided by regulations. Enactment date October 1, 2009. The regulations would have to be adopted on or before October 1, 2010.

Annapolis Transportation & Parking

For many visitors the easiest option is to park at the Naval Academy Stadium and take the Annapolis Transit Trolley Shuttle. There are several public garages including Whitmore, Gotts, and the Gorman Street garages. They fill up fast. There is also limited metered parking, but they ticket often. Your best bet is to arrive early, and car-pool if possible.

About IRO

The IRO oversees the Commission's legislative agenda and represents WSSC before elected bodies. The office is responsible for researching, developing, analyzing, and lobbying for or against legislation impacting the Commission. We also serve as a liaison between the Commission and elected officials.

How To Reach US

Annapolis Office (during session)

68 State Circle, Suite 3
Annapolis, Maryland 21401
phone: 301.261.2789 fax: 410.268.9593

Laurel Office (year round)

14501 Sweitzer Lane, Suite 1226A
Laurel, Maryland 20707
phone: 301.206.8228 fax: 301.206.8229

On The Web

The WSSC IRO has its own webpage to keep you up to date and informed with our legislative activities. In addition to introductory information about the Office and Maryland General Assembly, you will find links to information about bills and our Annapolis Reports archive. www.wsscwater.com/iro/irowebiste
