Work Asset Management (WAM)/Mobile Workforce Management (MWM) Initiative Overview

Commission Meeting
September 20, 2017
Where Does WAM|MWM Fit?

C2M
System of Record For:
Person, Account, Service Agreement, Service Point and Premise, Customer Billing, Meters

Oracle EBS
System of Record For:
Projects, Costs, Inventory, Contracts

Oracle HR
System of Record For:
Employees, Crafts, Craft Rates, Payroll

WAM
System of Record For:
Work Management Inspections Asset Location Data Asset Data Design & Estimating

MWM
Mobile Dispatch

MMIS
System of Record For:
SSO Events Water Shutdown

ESRI GIS
System of Record For:
Geographic Locations
WSSC uses multiple work order and management systems:
- Oracle Mobile Workforce Management system (MWM),
- Oracle Work and Asset Management (WAM),
- Customer Connect/Field Service System, and
- Maintenance Management Information System (MMIS) a legacy system

Scope of this change order will consolidate multiple work order management systems and standardize all processes

Integration is required for C2M to function properly and will allow WSSC to better serve customers by automatically generating requests for work

Provide Customer Service Representatives the ability to track work requests and respond to customers’ inquiries
Building for the Future...

- SOM – Service Order Management
- UGBU – Utilities Global Business Unit
- UPK – User Productivity Kit
- URM – Utility Reference Model
- WAM – Work and Asset Management
What’s Next?
ACTION REQUESTED:

Purpose of Commission Package: The purpose of this Commission Package is to request approval to award Change Order No.1 to Contract No. 7220, Customer to Meter (C2M) to Oracle Utility Group in the amount of $12,000,000.00. Change Order No. 1 will replace the current three (3) work order management systems (WMS) with one system that will be integrated into the C2M product.

Basis of Award: N/A

PROJECT OVERVIEW:

WSSC is implementing Customer to Meter (C2M) system. Currently, WSSC uses three (3) work management systems: Oracle Mobile Work Management system (MWM), Oracle Work and Asset Management (WAM), Customer Connect/Field Service System, and Maintenance Management Information System (MMIS) a legacy system. The scope of this change order will integrate the three (3) WMS into only one (1) work order management system and standardize all processes. This integration is required for C2M to function properly and will allow WSSC to better serve customers by automatically generating requests for work orders to the work order management system, as well as provide Customer Service Representatives the ability to track work requests and respond to customers’ inquiries.

☐ Denotes Commission Approval Required

### Statement of Determination and Findings

Based upon a thorough review and analysis of the Contractor's proposal and all other supporting documentation submitted by the Contractor, and in conjunction with the due diligence performed by the Procurement Office, I certify that the award of change order No. 1, to contract No. 7220 is relevant, fair and reasonable, and in the best interest of the Commission. To the best of my knowledge and belief all applicable regulatory and statutory provisions were adhered to when determining award. Zina Williams-Foote/zwf [Signature] Buyer Initials
