

Need help with emergency repairs to pipes on your property?

You may qualify for a new program, HomeServe Cares. This special fund for WSSC customers provides aid to qualifying homeowners faced with an on-property pipe emergency at no cost to the homeowner. A HomeServe service plan is not required.

Income Eligibility Programs

Three ways to assist you with water and sewer bills!

WSSC is part of your community. We believe every customer should have access to clean, safe water, life's most precious resource. With that in mind, WSSC has three ways to financially assist customers with water and sewer bills.

- 1. Water Fund** – A one-time (per year) emergency assistance for qualifying households.
- 2. Customer Assistance Program** – Credit for the two fixed fees on WSSC bills (Account Maintenance & Infrastructure Investment). You must be enrolled in the Office of Home Energy Programs to participate.
- 3. Bay Restoration Fee Exemption** – Provides a waiver for the fee collected by the State of Maryland to fund improvements that restore the health of the Chesapeake Bay.
