

WASHINGTON SUBURBAN SANITARY COMMISSION

Small Diameter Service Connection Affidavit

The WSSC Regulatory Services Group, Inspection Services Unit evaluates hydraulic requirements of the plumbing fixtures ONLY when determining if the existing water service connection and meter size are adequate for placement structures and remodeling. Fire protection requirements are not included in the evaluation. It is the applicant's responsibility to determine if the water service connection SIZE and the meter SIZE specified on the plumbing permit, will meet the fire sprinkler requirements of the County or City Fire Official. (A contact person at Montgomery and Prince George's Counties; as well as the City of Laurel is provided below.)

I [Print Name] _____, hereby acknowledge that I am the [owner] for the property located at:

[Address] _____, [City/State] _____ and

Further acknowledge that it is my responsibility to verify that the water service connection SIZE of _____ inch and the meter SIZE of _____ inch as specified on the plumbing permit [Permit Number] _____ will meet fire sprinkler requirements as set forth by the [Montgomery/Prince George's/ City of Laurel] County/ City Fire Official.

I further acknowledge that the existing Water Service Connection Size of:

[Select One]

___ Three-Quarter (3/4) inch [maximum connected load of 25 water supply fixture units (WSFU)]

___ One (1) inch [maximum connected load of 50 water supply fixture units]; is not designed for moderate to heavy simultaneous usage if the connected load is at, or near, the maximum specified above. I recognize that a typical plumbing system is designed to serve only 10-15 percent of the total connected fixture load under simultaneous use.

I agree to indemnify and hold harmless the Washington Suburban Sanitary Commission (WSSC) to whom this acknowledgement is presented and its agents and employees, from and against all claims, damages, losses and expenses, including reasonable attorney's fees, arising out of or by reason of complying with this acknowledgement.
