## Randolph Street Water Main Replacement Project No. BR6265A17

**A WSSC PROJECT IS COMING TO YOUR NEIGHBORHOOD!** WSSC (Washington Suburban Sanitary Commission) maintains over 11,000 miles of water and sewer mains and after nearly a century of providing safe and reliable water and sewer service to the residents of Montgomery and Prince George's counties, WSSC is facing the challenge of decaying infrastructure. In keeping with WSSC's commitment to providing our customers with safe, quality water and wastewater service, we are renewing our aging infrastructure at a rate of approximately 60 miles of water mains and 56 miles of sewer mains annually.

[WSSC plans to meet with your community in the near future to discuss this project.](#)  
[Additional information is forthcoming.](#)

### **Project Overview**

The purpose of this project is to reduce the frequency of water main breaks.

### **Scope of Work**

- WSSC plans to replace approximately 1.64 miles of water mains that were installed in the 1940's through 1970's and are nearing the end of their life cycle. These mains will be replaced with ductile iron.
- **Affected streets:** Randolph St, 56th Ave, 56th Pl, Quincy St, 57th Ave, 58th Ave, 58th Pl, Parkwood Rd, Perry St, Osborn Rd, & Otis St.

### **Project Schedule**

The estimated project schedule for the Patuxent Drive WMR, as denoted below is based on preliminary design and construction schedule. These dates may change based on issuance of permit or contracts. Inclement weather could affect the proposed project schedule.

- Estimated design completion: Winter of 2017
- Estimated construction start: Spring of 2018
- Estimated construction completion: Fall of 2019
- Anticipated work hours: 8:00 am – 5 pm

### **Environmental Impacts and Important Information**

- **Water service may be interrupted for a few hours, while the new main is being connected. Customers will receive a 48-hour advance notification for a planned service interruption.**
- A 48-hour advance notification will be distributed to residents in the event of any parking restrictions and street closures.
- Some trees may have to be pruned or removed to accommodate the work. Residents will be notified prior to construction, if there is a need for any tree removal. All tree removal and pruning will be supervised by a WSSC Urban Forester.

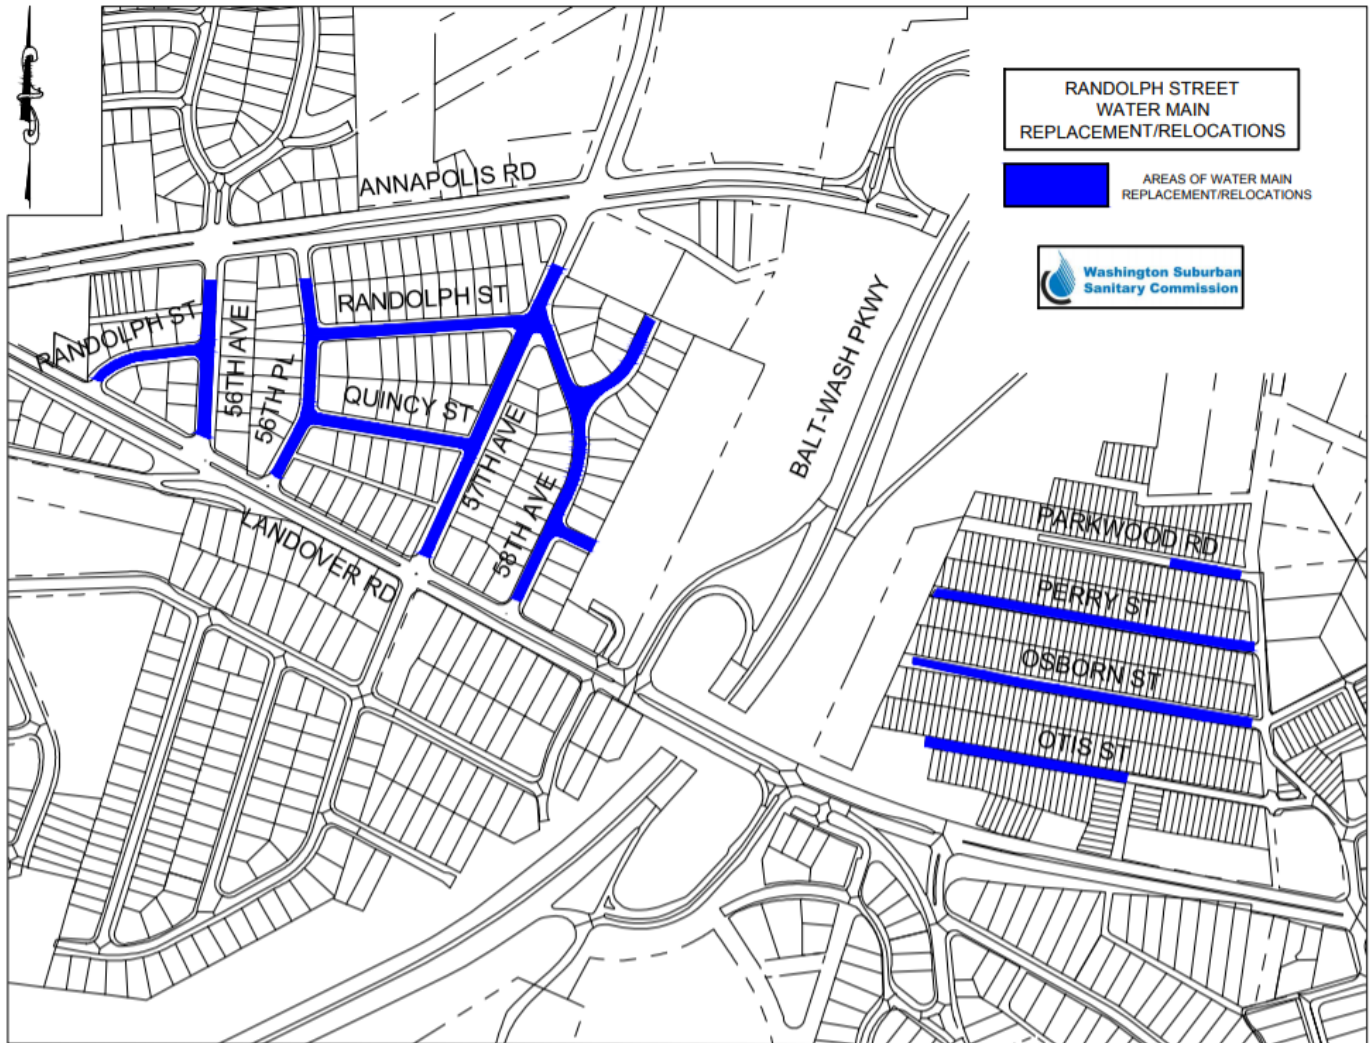

- WSSC will restore the area when construction is completed.

**Contact Information/Questions:**

- Project Manager, **Ling Li**, available by phone at 301-206-8745 or by e-mail at [Ling.Li@wsscwater.com](mailto:Ling.Li@wsscwater.com) and refer to Project No. BR6265A17.
- **Contact WSSC's 24-Hour Emergency Call Center at 301-206-4002 in the event of a water or sewer emergency.**
