

Washington Suburban Sanitary Commission
List of Plumbing Firms Providing
Cross Connection Related Services

This list of plumbing firms was compiled by WSSC as a convenience for our customers. Inclusion on this list was entirely voluntary; the list is solely intended to be a consolidated list of plumbing firms who have declared that they provide cross connection/backflow preventer related plumbing services. WSSC has verified that firms on this list are licensed to perform these services. WSSC does not endorse or recommend any company on this list. WSSC does not set pricing by these companies. WSSC suggest that customers obtain several estimates before hiring a plumbing firm to test your backflow preventer or provide any other plumbing services. Firms wishing to be added to, or removed from, this list must contact WSSC's Licensing Specialist. This list does not represent all licensed plumbing firms; customers may use any licensed plumbing firm.
