Operations and Maintenance Updates

Preventative Maintenance

- The cleaning intervals vary from a 3-month to a 2-year cleaning cycle for different sewer segments.
 - To determine the cleaning schedule for a specific address customers may contact: Customer Advocate **Phil Callahan** at **240-204-2123** or **Philip.Callahan@wsscwater.com**
- Recommendations for rehabilitation have been sent to our Pipeline Design Division.
 - This includes lining, mainline replacement, spot repair, & grouting.
- These recommendations are being implemented within our projects in design.

Project in Design- Victory Lane Sewer Rehabilitation Project

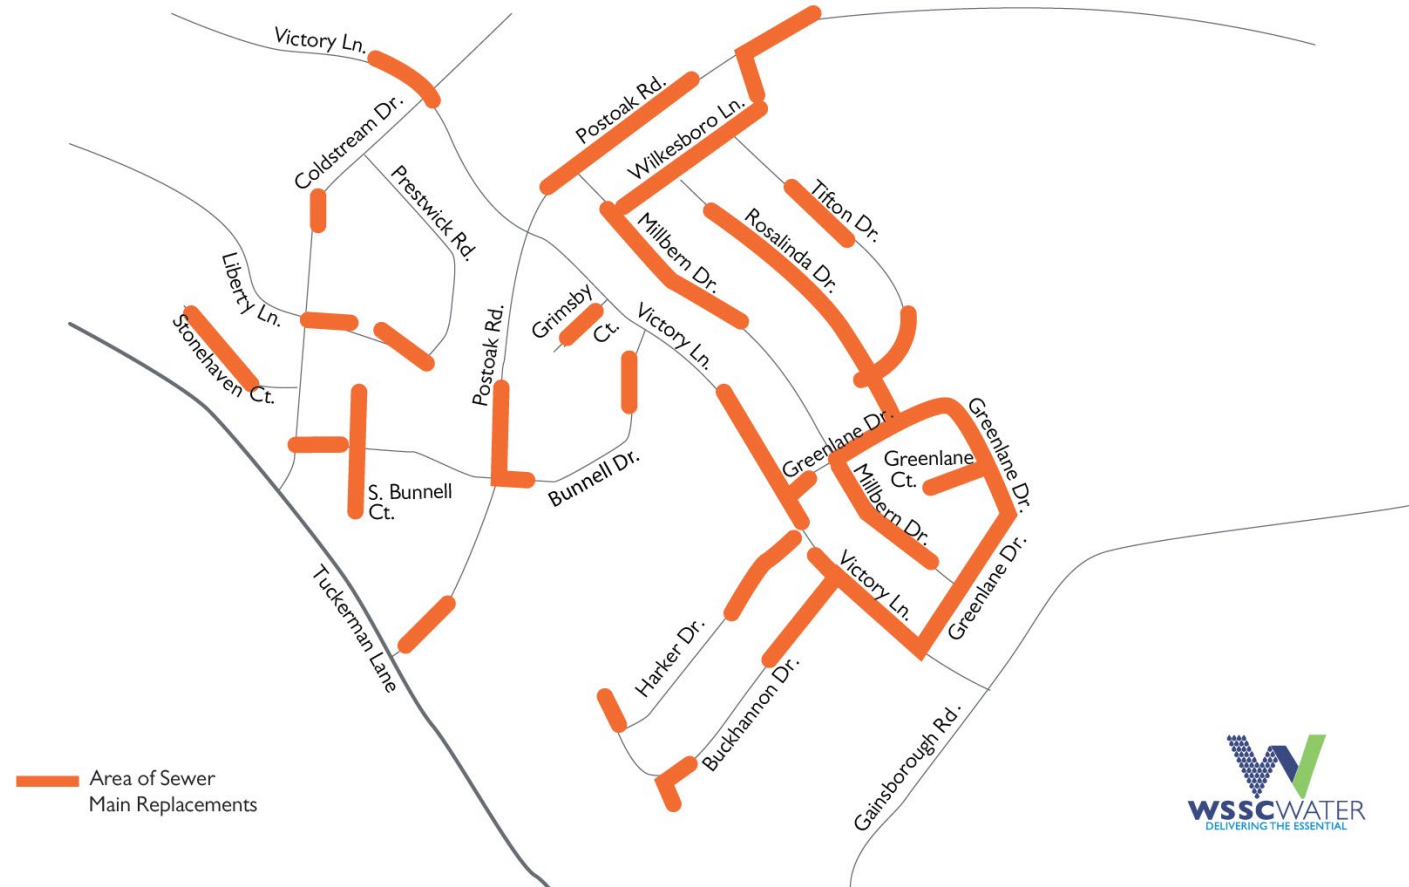

VICTORY LANE

SEWER MAIN REPLACEMENTS

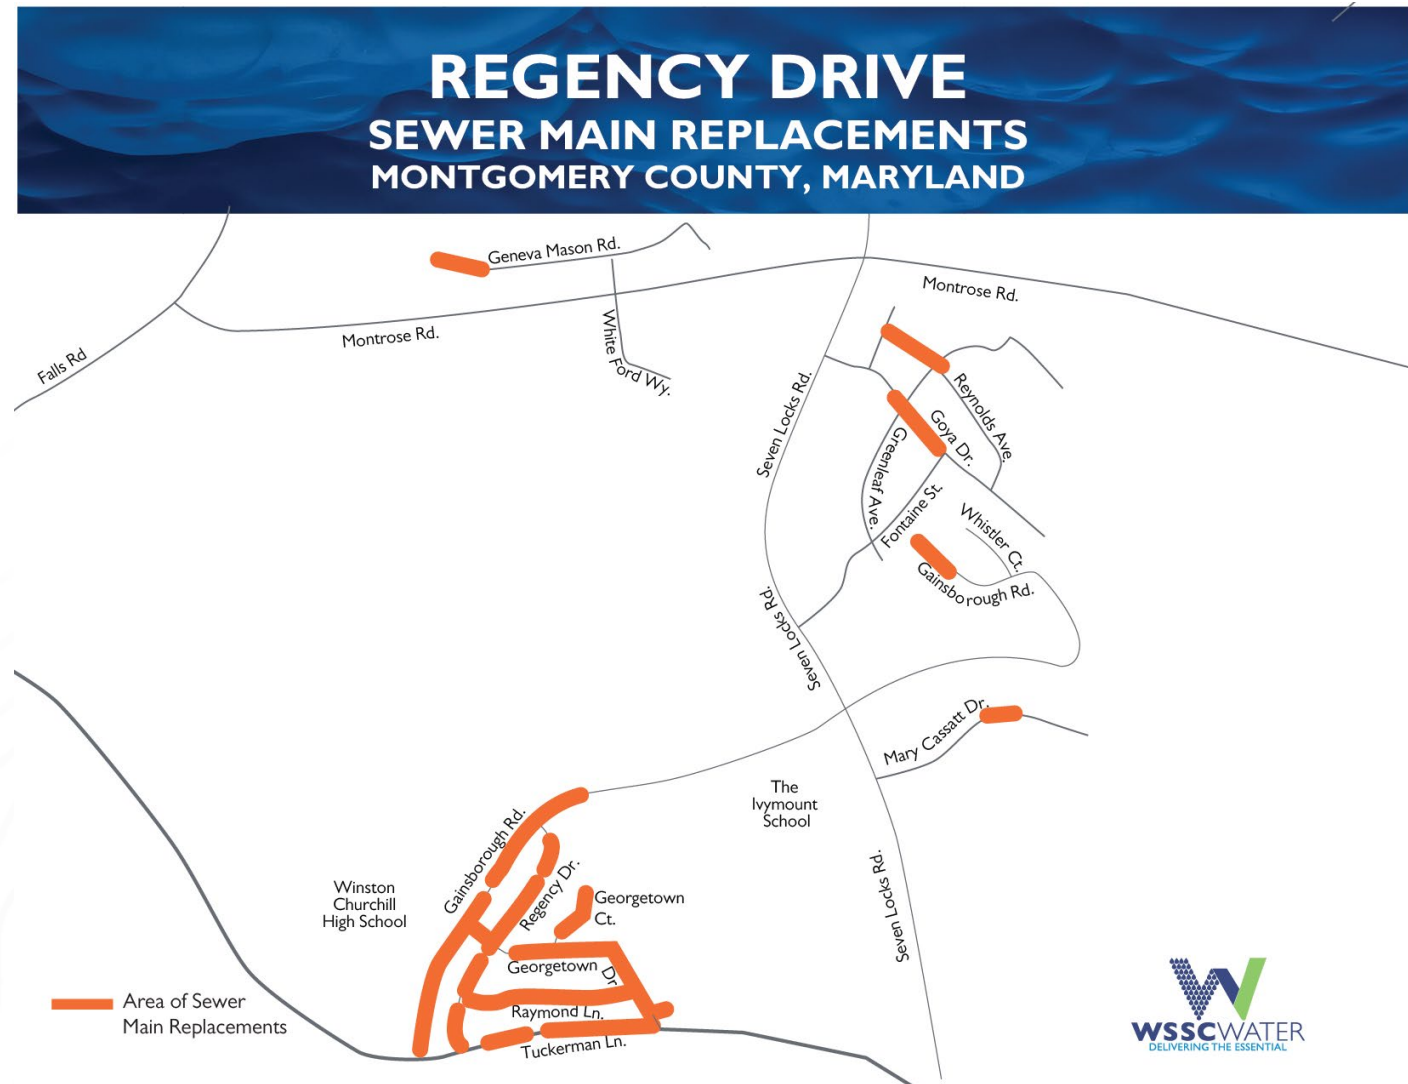

MONTGOMERY COUNTY, MARYLAND

- The Victory Lane Sewer Rehabilitation Project consists of the repair, rehabilitation, or replacement of:
 - 2.71 miles of defective sewer mains
 - 0.60 miles of defective sewer laterals
 - Sixty-two (62) manholes
- The project is currently in the 90% design stage and will utilize various rehabilitation techniques such as CIPP (trenchless) lining, pipe bursting, and open-cut replacement.
- We will keep you updated when project is closer to construction
 - Notification letters will be sent out in June

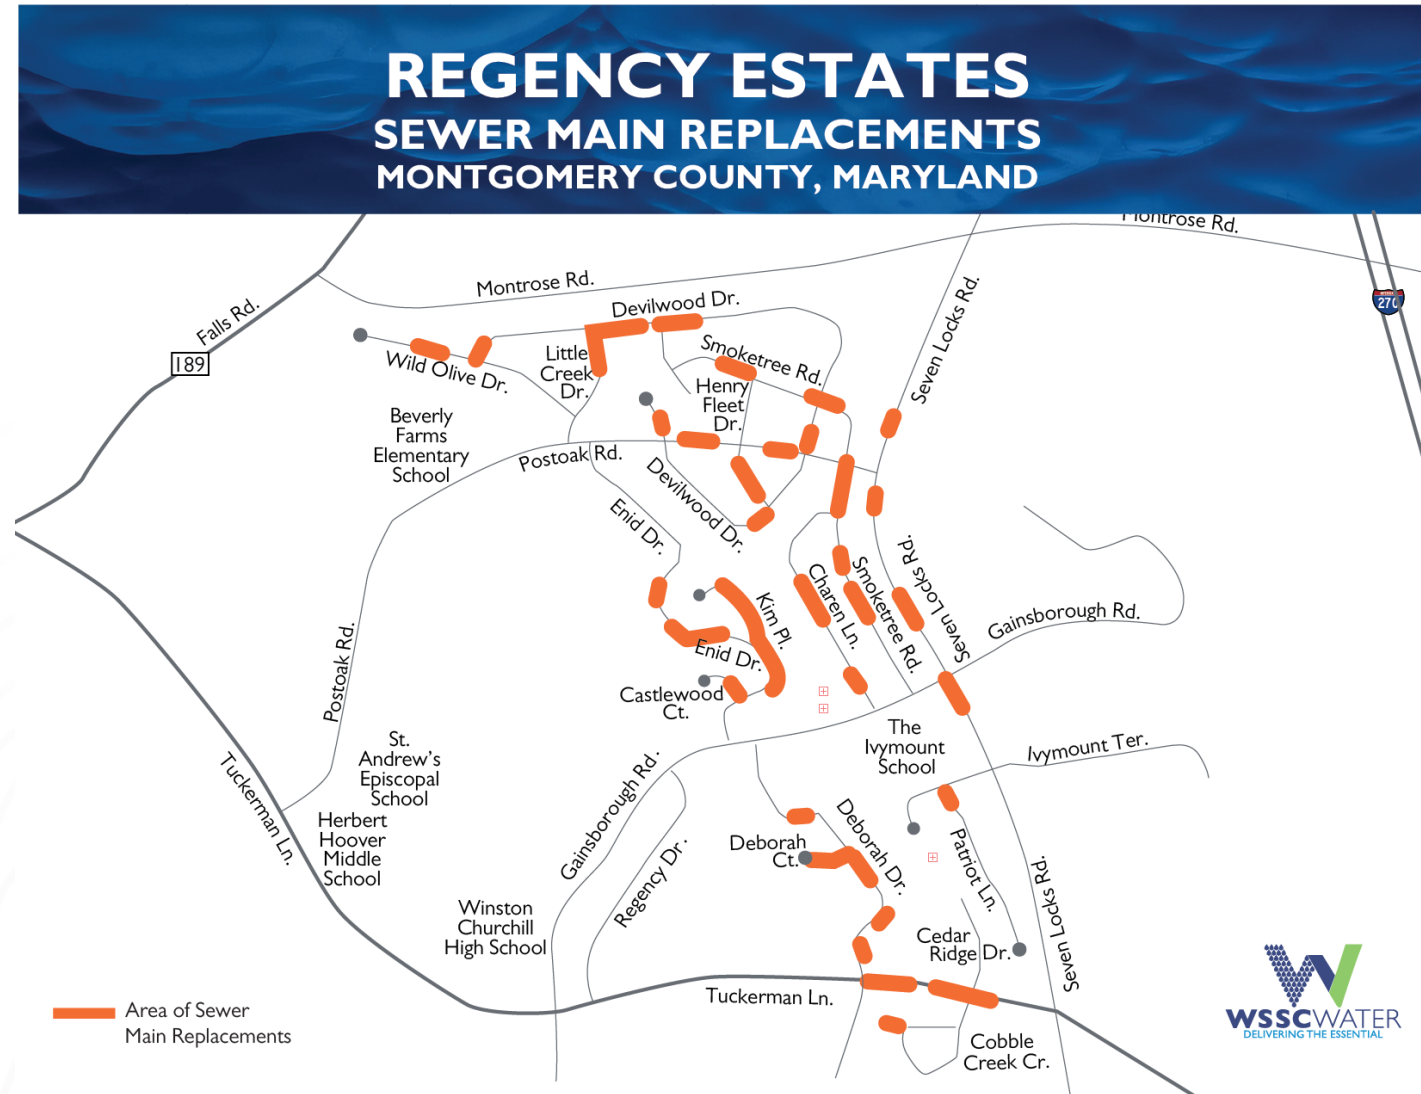

Project in Design- Regency Drive Sewer Rehabilitation Project

- The Regency Drive Sewer Rehabilitation Project consists of the repair, rehabilitation, or replacement of:
 - 2.17 miles of defective sewer mains
 - 0.4 miles of defective sewer laterals
 - Forty-nine (49) manholes
- The project is currently in the 90% design stage and will utilize various rehabilitation techniques such as CIPP (trenchless) lining, pipe bursting, and open-cut replacement.
- We will keep you updated when project is closer to construction
 - Notification letters will be sent out in June

Project in Design- Regency Estate Sewer Rehabilitation Project

- The Regency Estate Sewer Rehabilitation Project consists of the repair, rehabilitation, or replacement of:
 - 2.07 miles of defective sewer mains
 - Defective sewer laterals -TBD
 - Manholes - TBD
- The project is in its initial design phase and will utilize various rehabilitation techniques such as CIPP (trenchless) lining, pipe bursting, and open-cut replacement.
- We will keep you informed as the project advances in its design.
 - Door hangers have been distributed, containing the necessary information as part of our initial design process.

Customer Advocate

- The Customer Advocate provides a support interface between both commercial and residential customers, WSSC Water employees, public officials, county agencies, HOAs/civics and other key external stakeholders with the goal of providing exceptional customer service.
- Advocates are responsible for educating WSSC Water's external customers on a variety of topics including financial assistance, water conservation and other important commission initiatives.
- They also coordinate "on the scene" customer support during emergency events.

Montgomery County (areas north of Randolph Road)
