**\$114.9B**

WSSC Water supports the economic output of Prince George's and Montgomery counties

**\$1.8B**

FY2025 Operating & Capital Budget

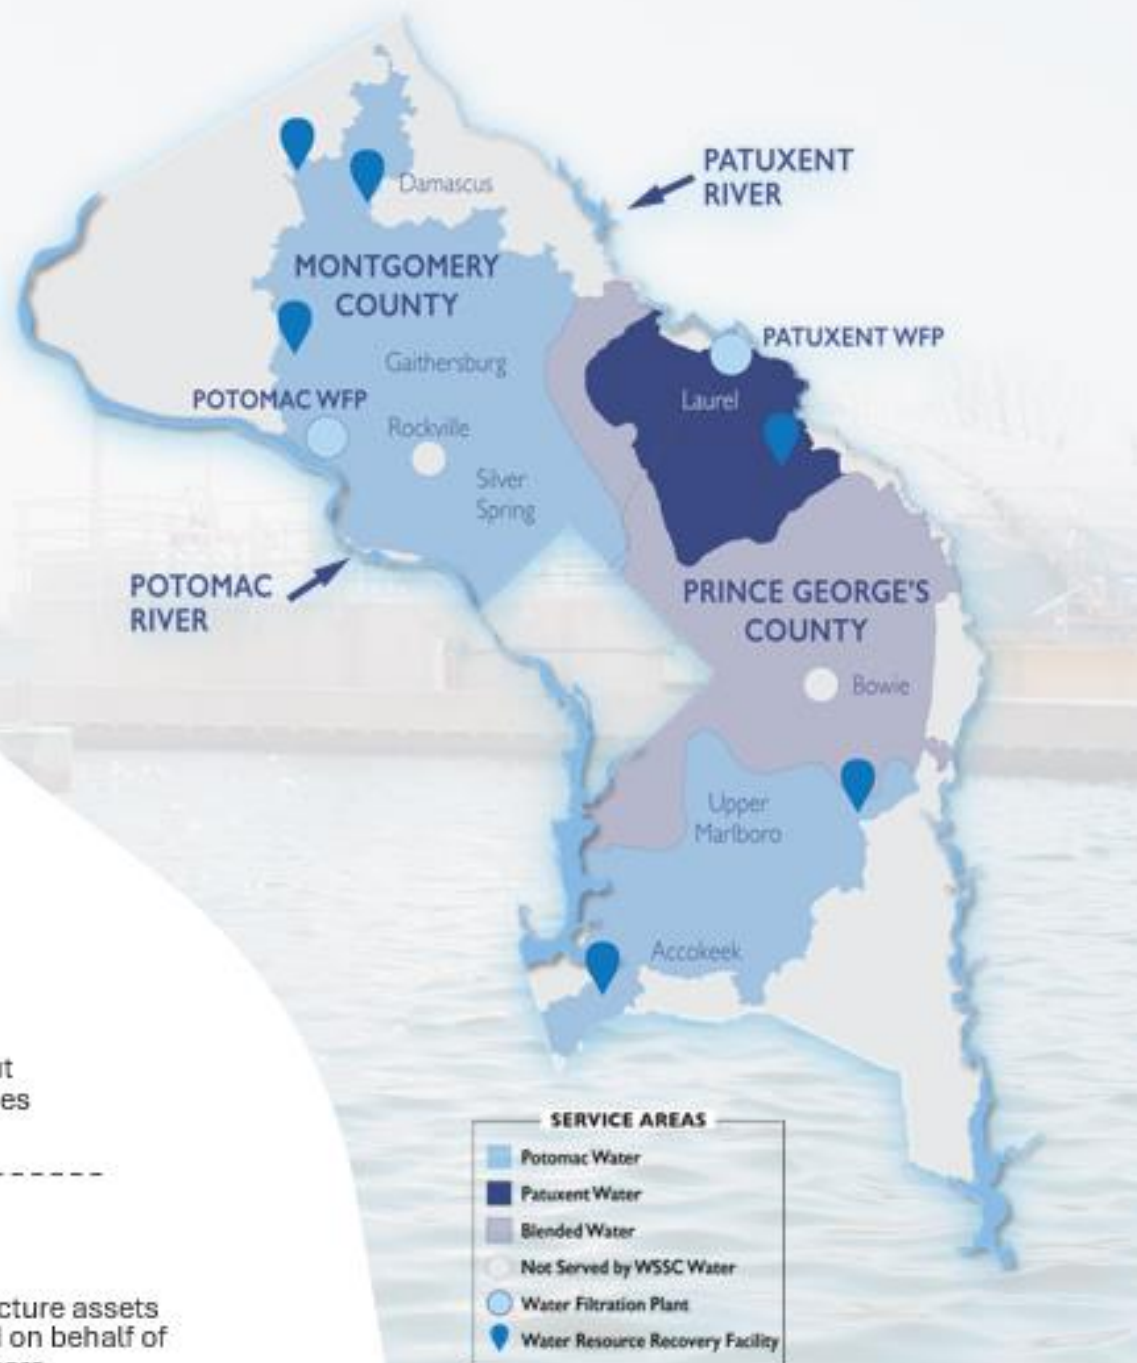

**\$4.9B**

6-Year Capital Improvements Program

**\$9B**

In infrastructure assets maintained on behalf of our customers

# Sewer & Water Rehabilitation Program Overview

- Strategically replacing and rehabilitating aging infrastructure to enhance service and reliability to customers
- Replacing and repairing aging pipes and manholes as part of our comprehensive water and sewer rehabilitation program
- Correcting structural deficiencies in sewer mains that may result from soil settlement, root penetration or corrosion.
  - These often contribute to sanitary sewer overflows and backups into homes
  - Water main breaks
- Protecting the environment for future generations

# Project Overview

- Approximately 0.25 miles of sewer pipes and 9 manholes to be rehabilitated
- Sewer pipes and manholes rehabilitated using trenchless and open trench methods
- Approximately 0.13 miles water main replacement, valves and house connections
- Completed projects will extend the life of sewer pipes by at least 50 years

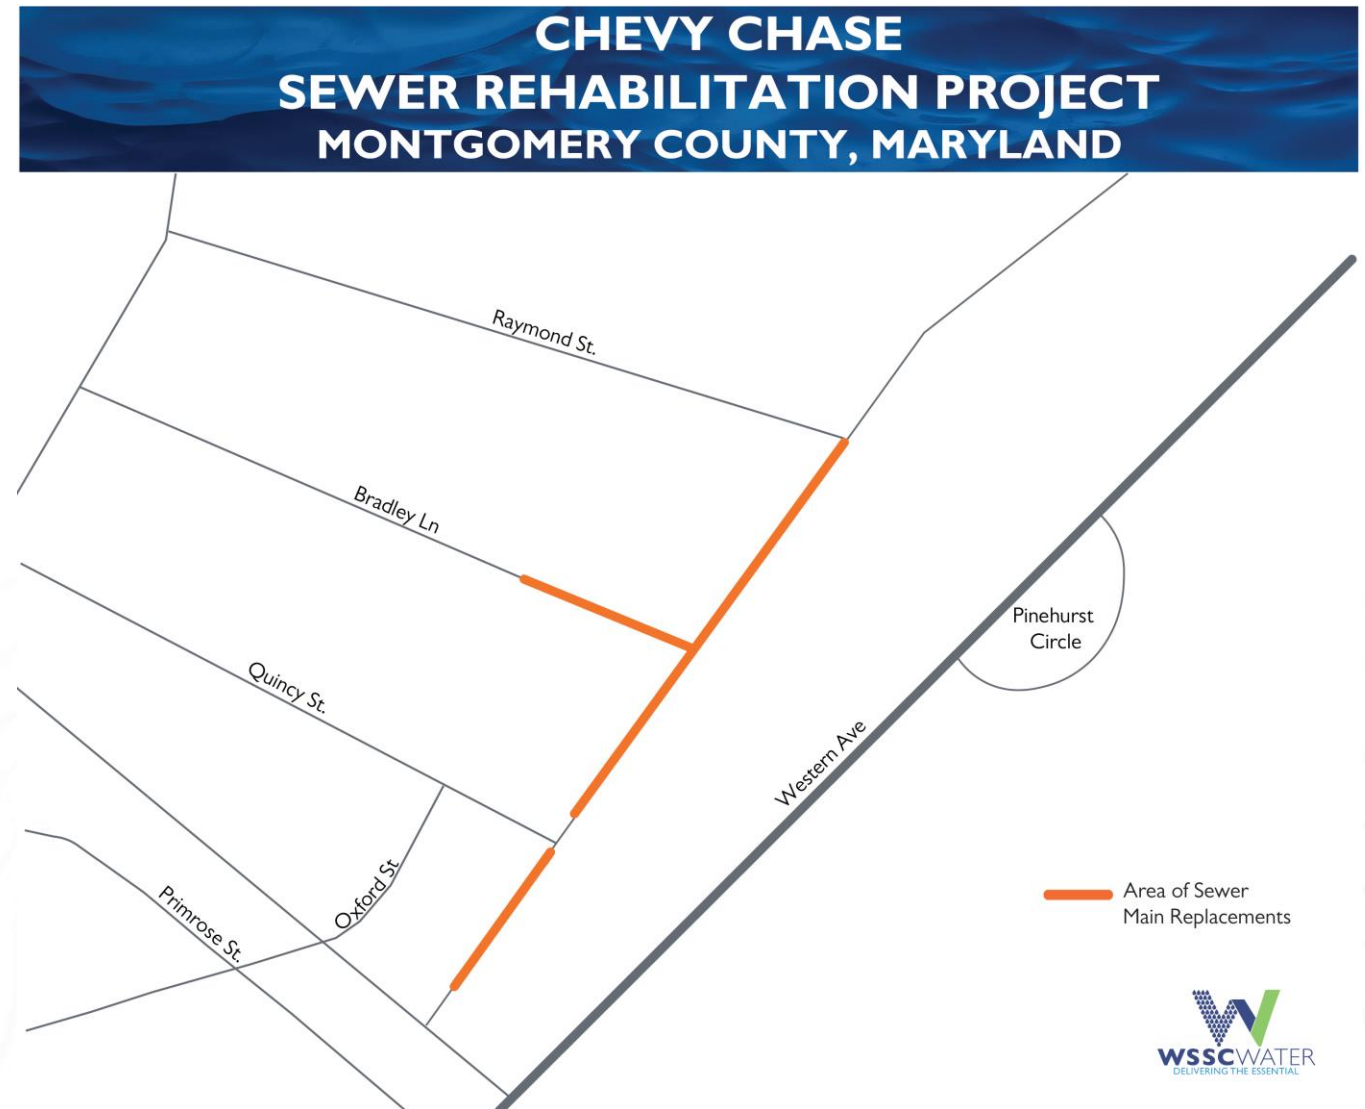

*Pictured Below: Example of manholes in the right of way.*

# Estimated Construction Schedule

*\*Construction schedule is estimated and weather dependent*

# What to Expect During Construction

(cont.)

- Temporary construction access within parks and private properties constructed and maintained by WSSC Water until all rehabilitation work is completed
- Right-of-Entry Agreements from owners of impacted properties obtained prior to construction if needed
- Construction vehicles and bypass pumps on temporary access road occasionally

# What to Expect During Construction

- Anticipated work schedule: 9 a.m. to 3 p.m., Monday-Friday
  - Conditions at some locations may require different work hours
  - Residents will be notified at least two days prior to construction activity changes
- Construction activities may include:
  - Marking locations of utilities
  - Field inspections
  - Rehabilitation of sewer mains, manholes and laterals
  - Pavement restoration where digging is necessary
- WSSC Water coordinates with local and state agencies, as well as other utilities for all planned work to avoid potential conflict and minimize disturbances to neighborhoods

# Traffic Impacts

- Certain construction activities may require temporary changes to traffic patterns
  - Traffic will be managed to minimize community disruptions
- Access will be maintained to homes during construction
  - Access into homes is **NOT** required
  - Access onto private property is generally **NOT** required
- Parking restrictions
  - WSSC Water will provide 48-hour advance notice (denoted by “No Parking” signs) before any parking restrictions
  - Any vehicles not removed from the designated area will be towed to a nearby street at no cost to owner
- Final restoration of sidewalks, roadways and landscaping will take place within 90 days of construction completion

# Signage and Restoration

- Construction signs with contact persons placed throughout project area
- Projects completed during winter months are permanently paved and restored to their original state or better the following spring

# Project Summary

- **Overview:** Existing sewer mains are near the end of their useful lives
- **Replacements:** WSSC Water is replacing the sewer mains and laterals up to the property line
- **Service:** WSSC Water will minimize service disruptions during construction
- **Coordination:** WSSC Water will coordinate work activities with property owners in the project area
- **Restoration:** WSSC Water will restore all areas impacted by construction activities at the end of the project
- **Objective:** WSSC Water's goal is to provide a reliable wastewater system to customers

# Helping Our Neighbors: Water Bill Assistance

## Promise.

Sign up for an affordable, flexible and interest-free payment plan. **Customers with a past-due balance of \$50 or more are eligible.**

## CUSTOMER ASSISTANCE PROGRAM (CAP)

CAP assists approved residential customers by **waiving fixed fees**, providing **free annual leak investigations** and **much more.**

Eligible customers can access the Water Fund multiple times, **up to \$500 per year.**

## PipeER+

Provides a loan **up to \$10,000** to finance the repair, replacement or diagnostics of sewer or water on-property service line. The WSSC Federal Credit Union administers PipeER.

# Customer Advocate

- The Customer Advocate provides a support interface between both commercial and residential customers, WSSC Water employees, public officials, county agencies, HOAs/civics and other key external stakeholders with the goal of providing exceptional customer service.
- Advocates are responsible for educating WSSC Water's external customers on a variety of topics including financial assistance, water conservation and other important commission initiatives.
- They also coordinate "on the scene" customer support during emergency events.
