ADC Map Page: \_\_\_\_\_ Grid: \_\_\_\_\_ 200 FT. Sheet: \_\_\_\_\_

**Submit all completed Request Forms and Attachments via email to: [FireFlowTestRequest@wsscwater.com](mailto:FireFlowTestRequest@wsscwater.com)**

**Please do not send payment at this time.**

Utility Services – Central Division will first research your request to determine if existing fire flow data is available.

- The fee for existing data is **\$80.00**.
- If a new test is required, the fee is **\$755.00**.

We will notify the requestor of our findings and confirm the appropriate fee **within 5 business days**.

**When contacted, please remit payment in the correct amount along with a copy of this request form to:**

WSSC  
Attn: Revenue Division - **Fire Flow**  
14501 Sweitzer Lane  
Laurel, MD 20707

*Flow Test Site Address MUST be printed on the check stub for Reference*

**Note:** Test results, whether new or existing, will only be provided upon receipt of the required information and applicable fees. New fire flow test results are typically available within two weeks of payment receipt, except during winter months when testing is weather-dependent. No tests will be conducted when temperatures are near freezing. Please note that testing will not be performed on private fire hydrants.

**FOR FURTHER INFORMATION, CONTACT MR. MICHAEL DUCKWORTH @ (301) 206-4258.**
