\$9B

In infrastructure assets maintained on behalf of our customers

Project Overview

- New watermain will be installed within the roadway
- New house connections (service lines) will be installed up to property line or water meter/curb stop
- Replacing existing pipes helps reduce disruptions to community, environment and emergency services due to water main breaks

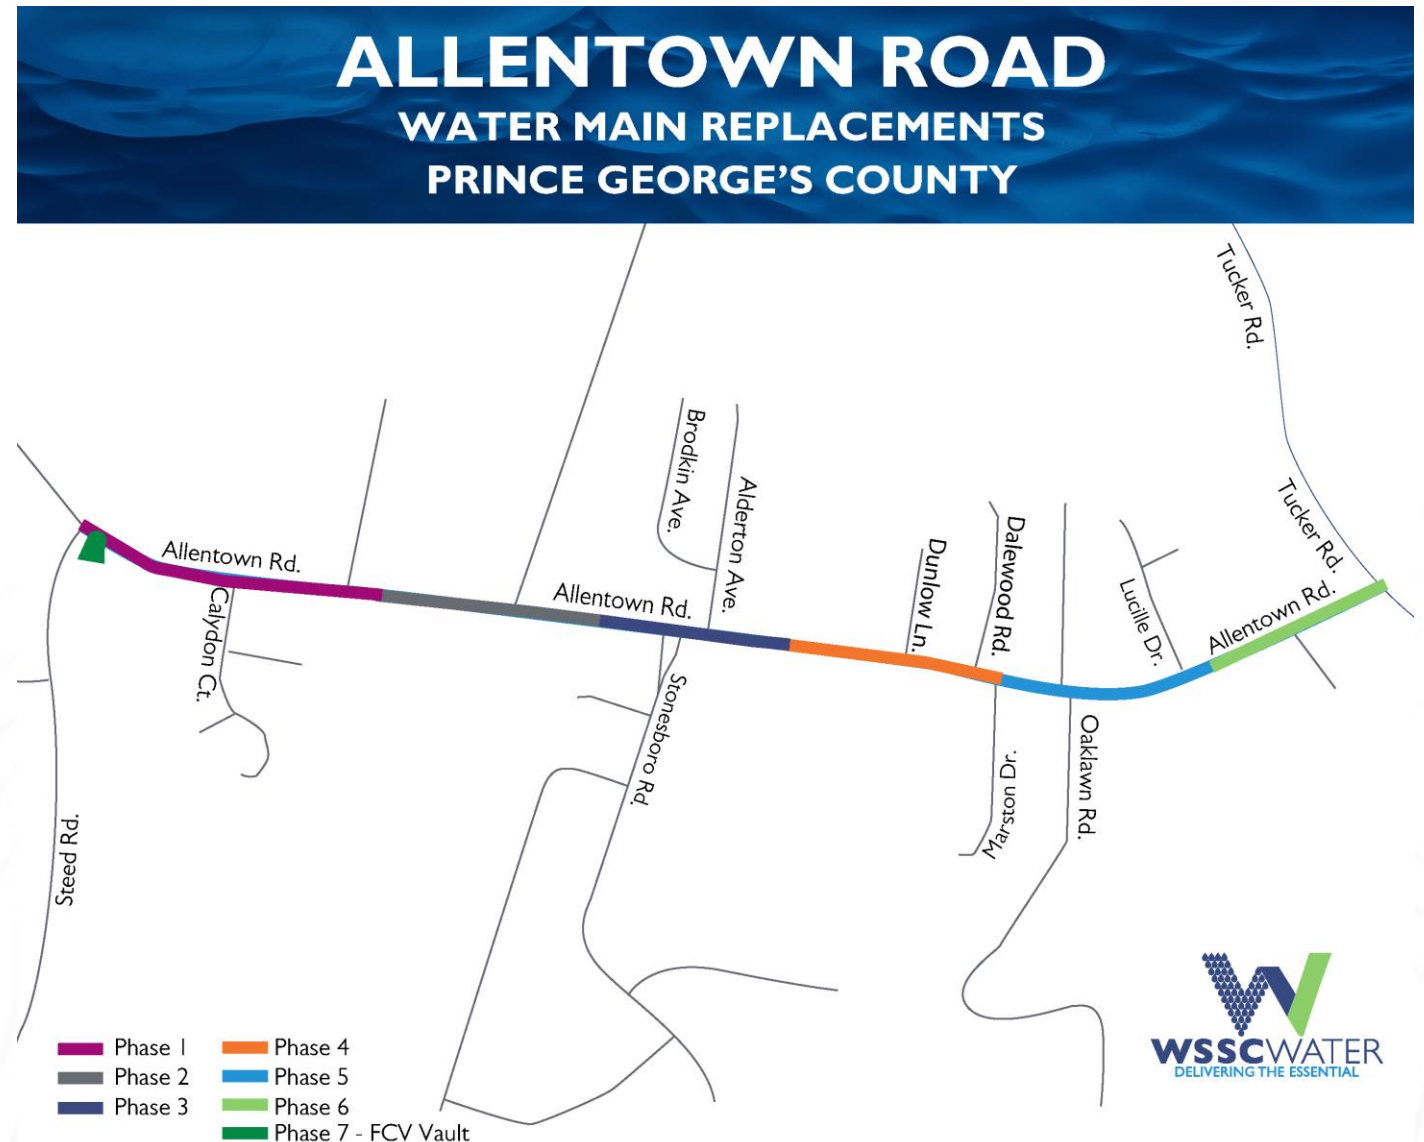

Project Details

- The project consists of the replacement and/or relocation of approximately:
- 5,900 feet of 16-Inch Ductile Iron Pipe (DIP) water main
- 70 feet 14-Inch DIP water main
- 190 feet 12-Inch DIP water main
- 14 feet 10-Inch DIP water main
- 300 feet 8-Inch DIP water main
- 24 feet 6-Inch DIP water main
- 9 feet 4-Inch DIP water main
- 3,120 feet of water house connection.
- The project also includes a new 12-Inch Flow Control Valve/ Pressure Reducing Valve and vault.
 - The new Flow Control Valve Vault will be located at the southern end of the project, between 9200 Allentown Road and Steeds Grant Way in the grassed area.

Project Map

Directly Impacted Streets

- Allentown Road (from Tucker Road to Steed Road)
- Stonesboro Road
- Oaklawn Road
- Steed Road
- Lucille Drive
- Martson Drive
- Calydon Court
- Alderton Avenue
- Dunlow Lane
- Dalewood Road

Estimated Construction Schedule

Construction schedule is estimated and weather dependent

What to Expect During Construction

- Anticipated Work schedule: 9:00 a.m. to 3:30 p.m., Monday-Friday
 - Conditions at some locations may require different work hours
 - Residents will be notified at least two days prior to construction activity changes
- Construction activities may include:
 - Marking locations of utilities
 - Field inspections
 - Replacement of water mains, and house connections
 - Pavement restoration where digging is necessary
- WSSC Water coordinates with local and state agencies, as well as other utilities for all planned work to avoid potential conflict and minimize disturbances to neighborhoods

What to Expect During Construction (cont.)

- Open-cut construction method, which involves cutting and excavating a section of the pavement
- This construction method does create noise and dust

Temporary Water Service Installation

- Above ground (bypass) pipes may be installed to maintain water service to your home
 - Bypass pipes are not used in cold weather months
- These pipes will be placed along the roadway edge and provide the same quality of water to your home.

Traffic Impacts

- Certain construction activities may require temporary changes to traffic patterns
 - Traffic will be managed to minimize community disruptions
- Access will be maintained to homes during construction
 - Access into homes is **NOT** required
 - Access onto private property is generally **NOT** required
- Parking restrictions
 - WSSC Water will provide 48-hour advance notice (denoted by “No Parking” signs) before any parking restrictions
 - Any vehicles not removed from the designated area will be towed to a nearby street at no cost to owner
- Final restoration of sidewalks, roadways and landscaping will take place within 90 days of construction completion

Final restoration may take place in phases when possible

Signage and Restoration

- Construction signs with contact persons placed throughout project area
- Projects completed during winter months are permanently paved and restored to their original state or better the following spring

Project Summary

- **Overview:** Existing water mains are near the end of their useful lives
- **Replacements:** WSSC Water is replacing the water mains and water house connections up to the property line
- **Service:** WSSC Water will minimize service disruptions during construction
- **Coordination:** WSSC Water will coordinate work activities with property owners in the project area
- **Restoration:** WSSC Water will restore all areas impacted by construction activities at the end of the project
- **Objective:** WSSC Water's goal is to provide a reliable water system to customers

Helping Our Neighbors: Water Bill Assistance

Promise.

Sign up for an affordable, flexible and interest-free payment plan. **Customers with a past-due balance of \$50 or more are eligible.**

CUSTOMER ASSISTANCE PROGRAM (CAP)

CAP assists approved residential customers by **waiving fixed fees**, providing **free annual leak investigations** and **much more.**
