WSSC WATER AT A GLANCE

★ **107 years** of no drinking water quality violations, ever.
 ★ **Platinum Peak Performance** recognition for wastewater treatment and resource recovery excellence.

8th

Largest combined water and wastewater utility in the United States by population served

1.9M

Residents served

162 MGD

Water provided each day

1000 Sq. Miles

Size of WSSC Water's Service Area

1,800+

Members of Team H₂O deliver on our mission

\$114.9B

WSSC Water supports the economic output of Prince George's and Montgomery counties

\$1.8B

FY2025 Operating & Capital Budget

\$5.9B

6-Year Capital Improvements Program

\$9B

In infrastructure assets maintained on behalf of our customers

Project Overview

- New water and sewer main will be installed within the roadway
- New water and sewer house connections (service lines) will be installed up to property line
- Replacing the pipes helps reduce disruptions to the community, environment, and emergency services due to water main breaks and sewer backups.

Project Map

Directly Impacted Streets

- Walbridge Street
- Wilburn Drive
- Ernie Banks Street
- Central Avenue (MD 214)
- Cabin Branch Road
- Rolling Ridge Drive
- Coleton Court
- Cabin Branch Court
- Milfan Drive
- Clearfield Place
- Clearfield Court
- St Margarets Drive

CABIN BRANCH WATER & SEWER MAIN REPLACEMENT PRINCE GEORGE'S COUNTY, MARYLAND PROJECT NO. BRCRLR6634A19

- WATER MAIN REPLACEMENT AREA
- SEWER MAIN REPLACEMENT AREA

Fire Hydrant Installation

- WSSC Water is responsible for providing **water for fire protection** to Montgomery and Prince George's counties
- To safeguard public safety, we proactively replace and maintain our fire hydrants to monitor water pressure and flow rate, as well as inspect internal working parts to **ensure the highest level of protection**
- Per the Fire Safety Code, the maximum spacing between fire hydrants is **250-600 feet**, depending on the building structure
- WSSC Water fire hydrants are made of cast iron materials and **can last more than 50 years**

WSSC Water fire hydrants have dark green top and gray body.

Estimated Construction Schedule

Construction schedule is estimated and weather dependent

What to Expect During Construction

- Anticipated work schedule: 9:00 a.m. to 3:30 p.m., Monday-Friday
 - Conditions at some locations may require different work hours
 - Residents will be notified at least two days prior to construction activity changes
- Construction activities may include:
 - Marking locations of utilities
 - Field inspections
 - Replacement of water and sewer mains, and house connections
 - Pavement restoration where digging is necessary
- WSSC Water coordinates with local and state agencies, as well as other utilities for all planned work to avoid potential conflict and minimize disturbances to neighborhoods

What to Expect During Construction (cont.)

- Open-cut construction method, which involves cutting and excavating a section of the pavement
- This construction method does create noise and dust

Pictured left: image of open-cut method on sewer mains

Temporary Water Service Installation

- Above ground (bypass) pipes may be installed to maintain water service to your home
 - Bypass pipes are not used in cold weather months
- These pipes will be placed along the roadway edge and provide the same quality of water to your home.

Traffic Impacts

- Certain construction activities may require temporary changes to traffic patterns
 - Traffic will be managed to minimize community disruptions
- Access will be maintained to homes during construction
 - Access into homes is **NOT** required
 - Access onto private property is generally **NOT** required
- Parking restrictions
 - WSSC Water will provide 48-hour advance notice (denoted by “No Parking” signs) before any parking restrictions
 - Any vehicles not removed from the designated area will be towed to a nearby street at no cost to owner
- Final restoration of sidewalks, roadways and landscaping will take place within 90 days of construction completion

Final restoration may take place in phases when possible

Signage and Restoration

- Construction signs with contact persons placed throughout project area
- Projects completed during winter months are permanently paved and restored to their original state or better the following spring

Project Summary

- **Overview:** Existing water and sewer mains are near the end of their useful lives
- **Replacements:** WSSC Water is replacing the water and sewer mains, water and sewer house connections up to the property line
- **Service:** WSSC Water will minimize service disruptions during construction
- **Coordination:** WSSC Water will coordinate work activities with property owners in the project area
- **Restoration:** WSSC Water will restore all areas impacted by construction activities at the end of the project
- **Objective:** WSSC Water's goal is to provide a reliable water and wastewater system to customers

Helping Our Neighbors: Water Bill Assistance

Promise.

Sign up for an affordable, flexible and interest-free payment plan. **Customers with a past-due balance of \$50 or more are eligible.**

CUSTOMER ASSISTANCE PROGRAM (CAP)

CAP assists approved residential customers by **waiving fixed fees**, providing **free annual leak investigations** and **much more.**

Eligible customers can access the Water Fund multiple times, **up to \$500 per year.**

PipeER+

Provides a loan **up to \$10,000** to finance the repair, replacement or diagnostics of sewer or water on-property service line. The WSSC Federal Credit Union administers PipeER.
