Pre-School Program -- 11 a.m.

“Water, Water, Everywhere.”

We will look at the water cycle, how we use water, and how and why to protect our water.

(Stories, hands on activities and a craft to take home).

Elementary School Program--7:00 p.m.

"Habits affect Habitats" ...

...especially when it comes to protecting our sources of water. Everyone can be part of the solution.

(Stories, hands-on “Enviroscape” demonstration and a take home craft).

Herons for Healthy Habitats
