

**RE: BRCRLR5355C12 Takoma Park W&SMR
Backyard Alignment Option for Sewer Main Replacement
Questions from Mr. David W. Lake (DEP, Montgomery County)**

- Area (Square Feet) to be disturbed
- Excavation areas/size/depth
- Construction access points & equipment (detail on construction method)
- Temporary road? Type of construction of the road (any reduction of compaction?)
- Spoil sites?
- Silt and sediment control (silt/super silt fence?)
- Tree loss (species, size and location)
- Construction mitigation plan
- Rehabilitation plan
- Any riparian/wetland areas?

Status:

8/31/2017: Questions received through email.

10/11/2017: WSSC anticipates report submission to DEP by February 2018.
